Sri Aurobindo Marg, Near Qutab Minar, New Delhi-30**

Invitation

Dear Colleagues,

Greetings from NITRD, Delhi,

We, on behalf of organizing committee and Indian college of allergy, asthma and immunology, extend a hearty welcome for the 53rd ICAAI Conference scheduled to be held from 7-10 November 2019 in DELHI.

We are making all efforts to ensure that you have a memorable conference and wonderful learning experiences. The Scientific Program is aimed at ensuring that all aspects related to allergic diseases and asthma like prevention, climate association, and management are addressed. This will be covered by national and international distinguished researchers who are best in science generating a new level of understanding and insight of allergy and asthma.

This invite is intended to provide an overview of the program which will be conducted through a series of workshops, key note talks, guest lectures, panel discussions, symposiums etc. to enhance the clinical skill of medical community. It would be of special interest to General practitioners, medical students and specialists from Internal medicine, Dermatology, Rhinology, Pulmonology, Ophthalmology, Pediatrics, Immunologists and many others.

While the delegates would be actively engaged in the academic sessions, the spouses and accompanying members can enjoy visiting the historical locations and enjoy shopping in the capital.

We look forward your participation in the 53rd ICAAI Annual conference, 2019.

Dr. Rohit Sarin
Chairman, Organizing Committee

Dr. A. K. Jain
Organizing Secretary
